EXPERIENCE

➔ Aug 2024 - Jan 2025

First Source - Chennai

Customer Support Associate

- Verified and corrected customer enrollment data and ensuring accuracy and compliance with company guidelines.
- Identified errors, communicated with agents to resolve discrepancies, and maintained detailed records of verified data for smooth processing.

PROJECTS

✓ WEB APP FOR AGRICULTURE

Frontend: HTML, CSS, JavaScript | Backend: Python, Django, MySQL

- Developed a web-based platform for farmers to sell agricultural products online.
- Implemented backend logic using Django models, views, and ORM for data management.
- Integrated MySQL for reliable data storage and retrieval.
- Built a responsive user interface ensuring smooth navigation and performance.

✓ STUDENT MANAGEMENT SYSTEM (Mini Project)

Python + MySQL

- Built a CRUD-based backend system for managing student data.
- Implemented search, update, and delete features with database connectivity.
