

KISHORE GANESAN

PERFORMANCE TESTER

CAREER OBJECTIVE

Experienced Performance Tester with 4+ years of expertise. Seeking to optimize software systems through load testing, script development, and performance analysis. Dedicated to ensuring reliability and scalability while advancing skills and collaborating effectively.

PROFESSIONAL EXPERIENCE

September 2021–Present | Expleo Solutions, Chennai, TN

Performance Testing

- Developed and executed test scripts for web and mobile applications using performance testing tools.
- Created micro services level scripts for API testing to validate functionality and performance.
- Implemented master-slave configuration for distributed load testing to optimize performance assessment.
- Monitored system performance to identify weaknesses, bottlenecks, and inefficiencies.
- Generated detailed error logs for pinpointing and resolving performance bottlenecks.
- Compiled comprehensive run reports post-load testing for actionable insights.
- Maintained open communication with development team, addressing environment-related issues promptly.
- Worked with the SAP protocol using LoadRunner to develop scripts for various T-codes.
- Configured jPOS for ISO messaging, translating configurations into JMeter scripts.
- Developed Excel macros for data preparation, error log analysis and for preparing run reports.

Proof of Concept (POC) :

- Successfully orchestrated the implementation of ISO messages for purchase and reversal transactions on Android and Verifone POS machines within the business environment using JMeter.
- Executed load testing on the Smart Vista switch using JMeter, providing insightful analysis reports that informed strategic business decisions.
