

LENCY M

Career Objectives

I am a Bachelor of Computer Applications (BCA) student with a strong foundation in programming and web development. I possess hands-on experience with JAVA, HTML, CSS, and SQL enabling me to design and develop functional and aesthetically pleasing websites and applications. I am eager to expand my technical expertise and contribute to innovative projects as I pursue a career in software development. With a keen interest in learning and a problem-solving mindset, I am committed to continuous growth and delivering value in a collaborative environment
