SUMMARY

An enthusiastic and detail-oriented graduate seeking an entry-level opportunity as an SAP FICO Consultant. Possesses solid foundational knowledge in SAP Financial Accounting (FI) and Controlling (CO) modules from a structured training program and practical projects. Eager to leverage strong academic background and technical skills to support business process improvements in core areas, including General Ledger, Accounts Payable, Accounts Receivable, Asset Accounting, and Cost Center Accounting.

WORK EXPERIENCE

Accounts Executive - XPO HR Pvt Ltd.

June, 2025 – Jan 2026

- Invoice Processing: Handle purchase invoices and ensure accurate recording in Tally Prime with proper verification and documentation.
- Manage Petty Cash: Maintain and reconcile the petty cash fund, ensuring accurate documentation.
- Journal & Ledger Entries: Pass journal entries and maintain ledger postings accurately to ensure proper bookkeeping.
- Accounts Management: Assist in managing day-to-day accounting transactions including purchase entries and expense tracking.

Transaction Processing Associate - Accenture

Sep 2024 - March 2025

- Detail-oriented Transaction Processing Associate with expertise in medical and hospital billing. Skilled in processing insurance claims, verifying patient information, and ensuring accurate coding and billing in compliance with healthcare regulations.
 - Proficient in handling payment posting, resolving billing discrepancies, and maintaining meticulous financial records. Strong communication and problem-solving skills, with a commitment to optimizing billing processes and enhancing revenue cycle efficiency.
 - Adept at using billing software and collaborating with healthcare providers and insurance companies to ensure timely reimbursements.
-

EDUCATION

Master of Business Administration (MBA)

- Graduated: June, 2024 / CGPA: 8.61

Bachelor of Commerce (B.Com)

- Graduated: May, 2022 / CGPA: 8.11

TECHNICAL SKILLS & PROJECTS

Technical Skills

- ERP Systems (SAP FICO S/4HANA): Core expertise in SAP FICO with focus on Financial Accounting (FI) (G/L, AP, AR, AA, BA) and Controlling (CO) (CCA, IO, COPA, Product Costing).
- SAP Configuration: Hands-on experience defining the organizational structure (Company Code, Chart of Accounts, Fiscal Year Variant) and configuring key elements like payment terms and bank accounts.
- Data Analysis & Visualization: Certified proficiency in Power BI for creating financial dashboards, reports, visualizing KPIs, and variance calculations.
- Advanced Microsoft Excel: Expert application for financial modeling, reporting, and analysis, including Pivot Tables, VLOOKUP/XLOOKUP, and complex formulas for budgeting and forecasting.
- Technical Tools: Certified MS Office Suite proficiency, with knowledge of basic SQL for data extraction and reporting concepts

Projects (Practical SAP FICO Experience)

- Configured core Financial Accounting (FI) modules, including Company Codes, General Ledger (GL), Accounts Receivable (AR), and Accounts Payable (AP).
- Defined essential company settings, including Fiscal Year Variants, Posting Periods, Bank Accounts, and Payment Terms.
- Worked on key Controlling (CO) elements, including defining Controlling Areas, Cost Centers, Profit Centers, and Internal Orders.
- Performed practical exercises in cost allocations and variance calculations within the CO module.
